|--------------|------------------|--------------|---------------------|
| • Javascript | • Adobe Creative | • MongoDB    | • Critical Thinking |
| • HTML       | Cloud            | • Handlebars | • Creativity        |
| • CSS        | • Node.js        | • GIT        | • Detail Oriented   |
| • React      | • Express.js     | • Time       |                     |
| • jQuery     | • MySQL          | Management   |                     |

### Projects

#### Tastemaker

**GitHub:** <https://github.com/Ag6793/Taste-Maker> | **Deployed URL:** <https://ag6793.github.io/Taste-Maker/>

- An interactive front-end application utilizing HTML, CSS, and third-party API's. The user can select their preferences and receive a list of recipes to try out.
- Worked as the lead Front-End developer for our team. Applied previous design and new coding knowledge to create the UI of the application.

#### Gypsy

**GitHub Repo:** <https://github.com/Ag6793/Gypsy> | **Deployed URL:** <https://pure-peak-95833.herokuapp.com/>

- An interactive Full-stack application that allows users to create a profile and pinpoint their favorite spots in Austin, Houston, or Dallas.
- Collaborated as a team to utilize Javascript, Handlebars, CSS, Bulma, Sequelize, and Leaflet to develop the application.
- Applied software and design knowledge to work as a Front-End developer for the project.

### Experience

#### **A05 Gallery – Austin, TX**

*June 2021 - present*

##### *Framing Consultant/ Gallery Assistant*

- Utilized strong communication, collaboration, and problem-solving skills to work with clients and bring designs to fruition in production
- Meet deadlines in framing production for clients and gallery shows
- Assist the Gallery with art openings and inventory using the Shopify POS system

#### **Michaels Custom Framing – Austin, TX**

*September 2020 – June 2021*

##### *Framing Designer*

- Provided professional customer service in a fast-paced environment while assisting customers with custom framing orders and other retail needs
- Met deadlines and utilized limited resources to complete customer orders in production

**University Co-op – Austin, TX**

*September 2017 – January 2021*

*Product Photographer*

- Utilized professional studio equipment and Adobe Photoshop software to create quality product images for the company website
- Responsible for maintaining and providing accurate product information on the website
- Archived photographs on computers and servers
- Worked closely with the Marketing department to meet launch deadlines for exclusive products
